

CHILDREN'S MUSEUM

What is Kidzu's Community Pop-Up Museum?

With a focus on STEM education, the arts, child health and emerging literacy, Kidzu Children's Museum inspires children and the adults in their lives to learn through creative, purposeful play. Kidzu is planning a new children's museum designed to serve children and families throughout our region. We invite families to come to our FREE week-long Pop-Up Museum at Hillsborough Elementary to enjoy hands-on activities, programs and performances, and to provide insight and input on how a new children's museum can best serve kids and families throughout Orange County.

What Can We Do at the Pop-Up Museum?

The Pop-Up is a "mini-Kidzu" featuring hands-on activities focused on STEM/STEAM, the arts, child health and wellness, and emerging literacy. A mini-makerspace, storytimes and literacy activities, EdTech tools and manipulatives that engage all ages in learning will be available during specific times each day. Additionally, Kidzu has partnered with community organizations to host special programming, including: jump rope sessions with the Bouncing Bulldogs, the Instrument Zoo with NC Symphony, EdTech with SAS and CCEE, community created 3-D mural with local artists, and much more! An area of the Pop-Up Museum is devoted to sharing plans about the new museum, and a place for kids and grown-ups to tell us how a new children's museum can benefit their families and our community.

Where is Kidzu's Community Pop-Up Museum and when is it open?

The Pop-Up Museum is located in the gym at Hillsborough Elementary School. The Pop-Up Museum is open between Saturday, March 30th and Friday, April 5th at specific hours each day (preliminary schedule on reverse).

6:00 PM									
7:00 PM									

OPENING NIGHT WITH ELECTED OFFICIALS

Jump right in with our ribbon-cutting and the Bouncing Bulldogs, leave your mark on our community mural and check out our EdTech showcase.

HEALTH HUB

Kids are encouraged to dress in costume and bring their favorite doll or stuffed animal as volunteer medical students demonstrate health, safety and hospital procedures.

ZU-TOPIA

Spend the morning singing, dancing, moving and grooving with animal yoga, Jammin' Baby, storytime and outdoor exploration.

INSTRUMENT ZOO

Join us for a music-filled evening with the NC Symphony and design your own instruments and make music with code.

MONARCHS AND MOVEMENT

We invite our early learners to see what flies (and why) with music programming and cool, age-appropriate tech toys.

STEAM'D UP AFTERNOON

Check out cool tech tools with our friends from SAS CodeSnaps, the Morehead Planetarium and the Carolina Center for Educational Excellence.

BLOCK PARTY

Tackle some engineering challenges brick by brick. Join Play-Well TEKologies to put your building skills to the test.

ADAPTIVE PLAY NIGHT

Join us for an adaptive family playdate celebrating exceptional families with guests from A Moment of Magic Foundation and Durham County Library. Open to families with children with special needs.

FAIRYTALE FEST

Listen to familiar fables like you've never heard them before, make your own puppets, and find some fairies in our mobile outdoor learning garden.

PUPPET-PALOOZA

Attend a performance by Puppet Show, Inc., and use light, shadow, and tech tools to create and produce your own stories!

FORGING CONNECTIONS

Join our outdoor blacksmith and take STEM learning to a whole new level! Inside, create your own planet and galaxy, make a constellation, and experiment with light.

SUPERNOVA NIGHT

Join us for a stellar conclusion at our Pop-Up! Come in galaxy costume as we explore space science with Morehead Planetarium and keep the forge going outdoors.

NC SCIENCE EXPO @ UNC CAMPUS

We are moving the Pop-Up fun to the UNC campus for the NC Science Expo from 11:00am - 4:00pm.

FREE SUNDAY @ KIDZU

Join us back at Kidzu for our Free Sunday. Enjoy STEAM activities from 1:00pm - 5:00pm. Free admission.
